Half Quota Reached For Peninsula And Islands

The second Victory Loan has reached the half-way mark and Saanich and Gulf Islands unit has a total of approximately \$500,000 of its quota of \$940,000.

North Saanich returns are a little slow coming in this time, the district having a total of approximately \$50,000 of its quota of \$125,000, while the Gulf Islands have reported around \$35,000 of its \$100,000 objective.

Major G. S. Yardley stated today "although the above sub units are below their half-way marks, I feel assured the end of the campaign will see them both over their objectives."

"Both North Saanich and the Gulf Islands have never failed to go 'over the top' when the call for help has gone out and I am saying to the residents of these districts that it is more important they go 'over the top' this time than ever before."

"Come on Saanich and the Gulf Islands let's make the second half good."

Organization plans have now been completed for rolling and servicing.

The new farm machinery department will be under the guidance of Charles Jones, who has had considerable experience in the farm equipment field. A large part of the showroom is being devoted to display purposes, while a complete list of specialized parts has been stocked for repair requirements. The mechanical department has been augmented by men experienced in the servicing of farm machinery.

RECRUITING ON SALT SPRING

Recruiting Sgt. A. J. Jackson reports that a special drive for recruits of all trades for the R.C.O.C., ages 18 to 45, ent. A to C, are urgently needed now. Pipers are also needed for No. 26 Coy of the Vet's Guard of Canada, the requirements for the pipers are: Veterans of the last great war, under 50 years of age, and ent. C or better.

On Thursday night at Ganges, he made a very spirited appeal to the members of the local platoon of the 3rd Batt. Canadian Scottish regiment for recruits for the active forces.

He pointed out the opportunities and trades that were to be learned in the army, and the urgent need for tradesmen for the R.C.O.C. and other branches of the army.

He pointed out some men's jobs could be filled by women, and those too hard for women could be filled by others either too old for service or through medical reasons not acceptable to the army.

He reviewed the fact that while Japan was negotiating for peace in the United States, they struck a deadly blow at Pearl Harbor and in view of these facts what it would mean to lose the war and live under their rule. The lives of every person in Canada, our children's children were at stake, we had a war to win, and of what use to us were planes, guns, tanks, etc., if there were not adequate reinforcements to man them. Concluding, he made a direct appeal for recruits for the active forces.

If there is an AIR RAID ALARM

If there is an air raid alarm, don't telephone unless absolutely necessary. Leave the telephone system free to handle urgent calls by the authorities. Your safety may depend on this.

The recent blackout on the coast gave us a significant warning of how the public can quickly overload the telephone system, interfering with vital calls.

Resist the impulse to telephone about unusual sights or sounds during the present critical days.

Observe BLACKOUT Regulations —and keep cheerful!

When that warning goes, you must carefully blackout your house — but you can still have plenty of light INSIDE. Home's the one place that should be cheerful and bright — even on BLACKOUT NIGHTS. So, after you've made sure that not even a tiny glimmer of light will show outside, go ahead and turn on the lamps — brighten up every little corner. Perhaps you should choose a new Trillite — a new Table Lamp or two. You'll be surprised at the difference good lighting makes to your home — and to YOU, too!

STOP THIS MENACE

THE MENACE of a hateful way of life casts its shadow across our homes. Victory Bonds will raise up a shield against it.

So buy Victory Bonds to the limit. We cannot be half-hearted while this danger threatens our very shores. Let us go full out now and give such vigor to our country's effort as to speed the day of victory.

This is the *least* we can do — to lend our money for our country's defence. Buy a share in victory today — buy Victory Bonds.

HOW TO BUY—Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000, and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

Eaton entertained over thirty guests at a most delightful tea and cocktail party on Sunday afternoon, Feb. 22, in their home at Ganges. For the artistic floral decoration of the large drawingroom, bowls of beautiful pale blue irises, pink anemones and stocks were used. The dining-room, arranged chiefly with daffodils and narcissi, also had jars of irises, tulips and anemones. A crystal centerpiece and small crystal vases of violets and primroses adorned a most effectively decorated lace-covered table.
During the afternoon Col. Macgregor Macintosh proposed a toast to the host and hostess and in a

For nearly fifty years the firm of THOMAS PLIMLEY, LIMITED, has built up and maintained a reputation for high-class automobile products — meticulous service — and conscientious workmanship that has become known throughout Victoria and Vancouver Island.

We have now been appointed agents in Victoria to represent the McCormick-Deering line of farm machinery, manufactured by the International Harvester Company, long established manufacturers of farm equipment. Our showroom has been rearranged so as to conveniently display the different units to prospective buyers, while our sales force includes men well acquainted with each piece of equipment and its use.

In accordance with our policy of the past, to give the best of service at all times, we have augmented our mechanical staff with men trained in the servicing of McCormick-Deering farm equipment and have equipped our stockroom with a specialized list of service parts. At no time should it be necessary to lay up a McCormick-Deering machine for days or weeks waiting for parts.

We cordially invite you to come in and view for yourself this new line of farm machinery. We will be pleased to go into the details of any machine with you.

Many Enjoyed Lecture At Children's Church
An illustrated lecture, entitled "Beauty for Ashes" was given on Saturday evening by Mr. Judd, of the China Inland Mission, in the Children's Church which was filled to capacity with adults and children.
Slides were shown and Mr. Judd, who has been a missionary in China for many years and is still active in the interests of the mission, described the pictures and told of the work carried on in China.
In China it is estimated that there are 100 million children under fifteen years of age and the majority are still worshipping idols of mud and stone.
Following the slides Mr. Frame, who has spent about ten years in China, but, owing to the war situation, is unable to return, graphically described an incident of how the workers of the China Inland Mission reach these people and lift them from their idol worship.
At the present time there are approximately 750 missionaries of the China Inland Mission in free China and about 250 in occupied China and no contact whatever is able to be made with them.
short speech of congratulation referred to the unique position of Mr. Eaton on the island, where he had made his home since his return from the last war and whose three sons are serving with the forces in the present one. In conclusion Col. Macintosh wished his host and hostess many years of health and happiness.
In replying to the toast, Mr. Eaton, in his wife's name and his own, thanked Col. Macintosh and all his friends for their many good wishes and expressed a sincere hope that they would all be present again at their next, and many future anniversaries of their wedding day.
